CANNON SHOT MISSED THE CZAR.

A Charge of Grape Shot Fired from a Saluting Gun Broke Windows in the Winter Palace—The Official Explanation.

St Petersburg, Jan. 20.—The ceremony of blessing the waters this year was accompanied by an event more extraordinary than any in the annals of Russian history. For a Russian sovereign to fall by the hand of an assassin is no new thing, but that the Emperor should narrowly escape death by a shot from his own artillery while engaged in a solemn religious rite, surrounded by priests of church, is so difficult to realize as to be almost incredible.

By the merest chance the Imperial family escaped unhurt, but the circumstances have created a profound impression. The official account of the affair is as follows:—During the ceremony of blessing the waters of Neva to-day in the presence of the Emperor, as the usual salute was being fired, an accident occurred. A charge of grape was fired from a gun belonging to one of the batteries, situated near the Bourse. Some bullets struck the Winter Palace, breaking windows. A policeman was wounded. According to the information to hand no other accident occurred, and a rigid inquiry is in progress.

DELEGATES CHOSEN

TO INTERVIEW THE GOVERNMENT.

Fort Saskatchewan Wants a Bridge Across the River.—Interesting Hockey Match.

Fort Saskatchewan, Jan. 20th:—One of the largest meetings of ratepayers ever held in Fort Saskatchewan was held in Langworthy Hall last night to discuss the advisability of sending delegates to Ottawa in regard to having a traffic and railway bridge combined to cross the Saskatchewan River here. Mayor Langworthy occupied the chair, opened meeting and gave the views of the council. Considerable discussion then followed from different ratepayers and finally a ballot vote was taken, which resulted in the electing of J. W. Shera, M.

L. A. W. A. D. Lees and Dr. Aylen to form the delegation and to proceed east at once.

A very interesting hockey match was played on the rink yesterday afternoon between the boarders of the Queen's Hotel and the boarders at the Mansion House. Much interest was taken in the game. Owing to many mishaps the match lasted for an hour and a half, and when the referee rang the bell for time the score stood 2-2, a tie.

The many friends of W. J. Hobbs were glad to see his smiling face on the incoming stage yesterday. Mr. Hobbs spent Xmas holidays with his friends in the east.

Mr. Taylor's line of new houses are nearing completion in the south end of the town.

K. A. Finical, architect of Winnipeg is in the city to consult with the authorities of the maternity hospital regarding the erection of a new building.

MUNICIPAL PROBLEMS.

Editor Bulletin:

In reference to the remarks in Tuesday's Bulletin under the above heading it occurs to me that satisfactory solutions of these problems might be reached.

In regard to the first, which we might designate the Cow Question it seems to me that for some reason difficult to understand, our councils have always been afraid to tackle this question. They have passed by-laws distinctly intended to prevent cattle being at large on the streets but there was nothing doing when these bylaws were largely ignored or disregarded by a section of the people owning cows, to the intense annoyance of two-thirds of the law-abiding citizens of the town.

The bylaws in regard to the impounding of cattle were all right so far as they went. But they either did not go far enough, or else no proper attempt was made to enforce them. Why could it not be made an offence against the law—if it is not so already—for cows to be allowed at large on our streets? And when such a bylaw is on the statute books why should not the police be instructed to proceed against violators? If the city council enacts laws, it is up to them to see that their enactments are not infringed with impunity. The cow—who are not the real offenders—is not enough. A cow at large on the streets is prima facie evidence that the law has been infringed, and the owner should be promptly rounded up. If owners of cows knew that in addition to paying round fees they would have to face a summons for breach of a city bylaw they would keep their animals under proper restraint. I venture to say that if the first three or four offenders were summoned to the police court and fined, and the facts given ample publicity, there would be an end to the cow question.

It appears to me that the difficulty in regard to the fire limits might be surmounted. There appears to be no divergence of opinion as to the desirability of enforcing the bylaw as regards Jasper Avenue frontage. The difficulty is that while it is desirable to protect Jasper Avenue property by forbidding the erection of inflammable buildings just across the lane from the rear end of Jasper Avenue lots, it is not considered that the time is yet quite ripe for forbidding the erection of frame buildings on the streets paralleling Jasper Avenue a block away, such as College Avenue and Athabaska Avenue. Would the desired object not be attained by forbidding the erection of frame buildings on such lots within say 46 feet of the lane, and permitting such buildings on the front part of the lots? This would ensure a safety zone a chain wide behind Jasper Avenue buildings, and would not interfere very seriously with building operations on the parallel streets. That part of Rice street east of McDougall street may now be considered well within the business centre of the city, and might very probably be brought within the ordinary fire limits.

An Outspoken Politician

T. P.'s Weekly:

I have copied from a newspaper of a hundred and thirty years ago the following letter, sent by Anthony Helney, a member of parliament, elder brother of Lord Northampton, to a certain corporation in Hampshire.

"Gentlemen,—I received yours, and am surprised at your insolence in troubling me about the excise, you know what I very well know. that I brought you—

"And I know what perhaps you think I don't know. You are now selling yourself to somebody else.

"And I know what you don't know, that I am buying another borough.

"May God's curse alight on you all.

Yours,

Anthony Helney."

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates, may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate

claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining. Manitoba and the N. W. T., excepting the Yukon Territory. Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on such alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining. Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz, and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

RUSSIA'S TROUBLES

58,000 MEN OUT ON STRIKE

The Capital of the Empire in Turmoil and has the Appearance of an Armed Camp.

Bulletin Special.

St. Petersburg Jan. 19th.—The St. Petersburg strike situation is grave tonight, there are 58,000 men out, and is spreading to the big cotton mills which employ over 50,000 operatives. Meetings have been called tomorrow when localistic democratic leaders will endeavor to convert the strike into a vast political demonstration which at the present crisis might have serious developments. The authorities are adopting every precaution to avoid an outbreak but the socialistic democrats are spurring on the strikers and there is danger of collision with the troops, which would be almost sure to be followed by a red flag demonstration, accompanied by bloodshed. The city is full of sensational rumors, and rioting generally is expected. The great industrial quarter of St. Petersburg presents the appearance of an armed camp.

More Pay For Police

Bulletin Special.

Ottawa, Ont., Jan. 17.—Sir Wilfrid Laurier gave notice of an increase in the pay of the mounted police as follows: Commissioner, \$3,000; assistant, \$2,000; inspectors, \$1,400; sergeants and assistants, \$1,800; veterinary surgeons, \$1,400; staff sergeants, \$2 per day; other staff sergeants, \$1.75; constables, \$1; special constables, \$1.50; buglers, 50c; artisans, 75c; Extra pay will be given for the Yukon and unorganized territory force.

Will Not be Held.

Bulletin Special.

Aberdeen, S. D., Jan. 15.—The case of J. Webster Lewis, who has been held in Edmonton, Alta., pending the decision of the courts on an application of Governor Elrod, for extradition papers, has taken a new turn. Word has reached Aberdeen from Pierre that Governor Elrod has withdrawn the request for the extradition papers of Lewis, the withdrawal being at the request of C. H. Barron, the newly elected state's attorney of Edmunds county. Lewis is the man who stole a sum of money from the Edmunds county treasurer over two years ago, afterward forfeiting his bond and fleeing to the N. W. T. He has since made good the amount taken and the authorities of Edmunds county believe it is understood that to bring Lewis back for trial would but subject the country to useless expense.

Chivalrous Negro Murdered

Bulletin Special.

Winnipeg, Jan. 17.—Geo. King, a negro, went into a houseful of Galicians on Sutherland avenue, north end last night where four husky men were abusing their wives.

He interfered.

The men turned on him with shovel axe and cleaver and beat him to death.

They carried the body to the Canadian Pacific yards.

They placed it on the rails, but it was discovered before the train passed.

Four arrests have been made.

King kept a restaurant near the subway.

Fall River Strike Settled

Boston, Jan. 19th.—The strike of the cotton mill at Fall River which affected about 25,000 persons and which has been in progress for six months, and caused great hardship and suffering of Fall River people was settled today through the mediation of governor William L. Douglas.

RUSSIA'S DEFENCE

IN THE NORTH SEA INQUIRY

Claims That Torpedo Boats Were Seen and that the Trawlers got in Line of Fire.

Bulletin Special.

Paris Jan. 20th.—In the North Sea enquiry the Russian defence tendered is that two torpedo boats were seen, that these disappeared and that the trawlers put themselves in the line of fire which was searching the horizon for the phantom enemy. Britain denies the presence of any Japanese boats.

Winnipeg's Epidemic

Bulletin Special.

Winnipeg Man. Jan. 20th.—Figures show a startling statistics in the typhoid epidemic in Winnipeg. The death percentage from fever is nearly as large as New York's, Winnipeg's average being 3.16 per 100 of the patients. The street railway Co. here alone had 40 cases this season, ten being fatal.

Child Burned to Death

Bulletin Special.

Regina Jan. 20th.—A little child named Lyd. Maer, sustained injuries Tuesday by burning from which she died. This afternoon she was playing with a celluloid comb and the comb caught fire from a lamp igniting her hair and clothes.

To Discuss Autonomy.

Bulletin Special.

Ottawa Jan. 18th.—Hastain and Bullock will meet all the Senators and Members from the Northwest irrespective of their party affiliations with a view to the full discussion of the terms of Territorial Autonomy. It is expected by these conferences to obtain an authoritative expression of the wishes of the North West in the matter as well as to expedite the passage of such measure through Parliament as may be brought in conformity with the desires of territorial representatives.

Faithful Unto Death.

Bulletin Special.

Bracebridge, Jan. 20.—Rev. Father Fleming, Catholic Missionary, has been drowned in Hallow Lake while on an errand of mercy. Word was sent to him at the lumber camp that one of his flock in another camp 25 miles away needed assistance. He started in a raging snow storm, and it is believed the horses went through the ice, while crossing the head of the lake and all were drowned.

Buried Alive

FAST HOCKEY.

WAS PLAYED LAST NIGHT.

Edmonton Won Second Peterson Cup Game by a Score of 3 to 2.

By a score of 3 to 2 the city team defeated the Strathcona hockey team in the second game for the Peterson Cup last night. The match was played in the Strathcona rink. The attendance was good.

The teams lined up as follows:

EDMONTON.	STRATHCONA.
Matheson goal	Hinneston
Banford point	Elliott
Johnston cover	McRae
Sherman rover	McKernan
Deeton right wing	Dobson
Wright centre	Ritchie
Elliott left wing	Kent

Dr. Wilson refereed the game. The game throughout was very fast and marked by close checking, though little rough play was indulged in. Dobson was sent to the fence twice and Ritchie once.

Following is the order of scoring:

First Half:
Edmonton—Deeton, 1 minute
Strathcona—Dobson, 15 minutes
Second Half:
Edmonton—Sherman, 10 minutes
Strathcona—Ritchie, 17 "
Edmonton—Wright, 23 "

LAST NIGHT'S CURLING MATCHES.

Two games were played at the curling rink last night, the other one being defaulted to Stovel. The game between McDonald's and Lander's rink was very close and interesting and required an extra end to be played to decide it and Lander got the necessary point on the 13th end.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 1 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 100 acres more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, which he must maintain for a period of 30 days, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY,
Deputy Minister of the Interior.
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

GENERAL BRIEFS

—Winnipeg Tribune:—The first Ruthenian church to be established in Winnipeg was dedicated yesterday morning by Archbishop Langevin of St. Boniface. The new edifice, built by local Galicians at a cost of \$25,000, is also unique in being the only church in the city of the Byzantine type of architecture.

—Vancouver, B. C., Jan. 16—Weldy Young, captain of the Klondike hockey team, arrived from Dawson yesterday and left immediately for the east. He will play in the third game of the cup series.

—The Secretary of the Board of Trade is issuing circular letters to the millers in the district asking them for estimates as to the grain production of last season.

—Macleod Gazette.—At a mass meeting of miners held at Coleman a strike was declared against the International coal and Coke Co. operating there, and the mines are tied up. The mine management threatened to import labor so engineers and firemen were called out and the fires drawn. The pumps have been taken from the mines and everything points to a bitter fight. The Fernie Free Press says it is understood that the International people have entered into contracts with the C. P. R. at a very low figure and this may explain why they refuse to agree to a scale of wages.

—Battleford Herald:—A. G. Erskine, C. E., of Minneapolis, is on his way west with a party of four to explore the country northwest of Battleford and to prepare a full report on the conditions prevailing here during the winter months. He is intimate to a Free Press reporter that if the country was suitable an extensive farm and dairy would be established.

—W. V. Bennett, Canadian immigration agent, of Omaha, writing to a friend in town last week, states that he has just booked ten families for Canada, of which eight were for Alberta. He is sure there will be a rush for Alberta in the spring when no doubt some little impetus will be felt in our neighborhood.—Ponoka Herald.

—Alberta:—Wm. A. Deyl, member of the executive board of United Brotherhood of Carpenters and Joiners, of Edmonton, passed through Calgary last night on his way to Indianapolis to attend the annual meeting of the order there.

—K. A. Blatchford will probably be in Calgary in a short time to race M. E. Bick for the skating championship of Alberta.

—Morris & Gardner are adding a stock of furniture to their present business.

—Reports have reached the city of several fires in various parts of the country. The Kennedy brothers, sons of John Kennedy of Poplar Lake, who have been farming near Lloydminster lost their house and contents a few days since. A stable belonging to C. Gibson of Notre Dame des Lourdes was burned early in the week. The house and furnishings of Israel Umbeck, Cruzot, were destroyed a few days since.

SUMMING UP

THE principal features of my Pharaoh Cigar are as follows:

- 1.—Cuban filler—I select from the best grown in the Manicagua district in the Province of Santa Clara.
- 2.—Connecticut Broadleaf binder—the most expensive grown.
- 3.—Clear leaf Sumatra wrapper, I import direct from Holland.
- 4.—I do not work any tobacco until I age it at least three years—then the taste and fragrance are fully developed.
- 5.—Each cigar is rolled by hand, under my personal supervision—I secure in Pharaoh a steady, even combustion and a cool, sweet smoke.

LOCAL

—Train on time.

—A slight snowfall yesterday made up part for the thaw of last week.

—At last night's hockey match in Strathcona log horns, squeakers, squealers, whistles and all the related multitude of discord producing instruments were prohibited and the heart of the small boy is heavy to-day lest the rule be enforced in the city rink also hereafter, and the crowning glory of the winter game forever destroyed.

—Lacomb's Globe—Miss Gertrude Cooper left on Friday for a visit with relatives in Edmonton.

—The Ideal Comedy Co. give an entertainment in Spruce Grove on Wednesday evening next.

—Immigration Agent Sutter is receiving daily a large number of letters of inquiry from all parts of the United States and predicts a great influx of new settlers during the spring. The beginning of the rush to this district will probably occur early next month.

Three Children Lost.

Nadrimo, Jan. 17—Another day has passed and still no trace can be found of the three children lost last Tuesday. A big search party yesterday and today covered every inch of ground between Nanaimo and Southfield without success, and the disappearance of the children is as much a mystery as ever. A heavy snowfall has made search almost impossible. The police are looking for the Japanese who was seen with the children on the afternoon of their disappearance.

Notice

At a meeting of the Directors of

The Whitelaw Co. Limited,

Held 5th January 1905, it was unanimously decided that on and after the First day of February, 1905, a strictly

CASH BUSINESS

would be done.

We take this opportunity of thanking the Public heartily for their past patronage, and trust that, even under the new conditions, they will continue to favor us with a fair share of their custom.

We anticipate that being on a Cash Basis we shall be enabled to supply FIRST-CLASS GOODS at the lowest possible prices consistent with business methods.

HIGH SCHOOL LITERARY.

Another meeting of the High School Literary Society was held in All Saints school room on Wednesday afternoon—the first meeting of the year. It was very successful throughout, and the debate was particularly creditable. Miss Rose Wooster, the first vice president, occupied the chair, presiding. Mr. Randall McDougall, taking part in the debate.

The programme began with an instrumental piece by Miss Jessie Potter. A humorous recitation entitled "A Reverie in Church" followed, by Miss Hazel Walker. The next number was a vocal duet by Misses K. Wade and J. Stewart, entitled "Evening Prayer." Miss Anna Oliver played a mazurka on the piano. The final number was a male quartette by Messrs. W. Walker, L. Manuel, M. Dawson and F. Parney.

The subject of debate was:—"Resolved that provincial autonomy should be granted to the Territories at the present time." Mr. McDougall led the affirmative assisted by Mr. Ernest Shields, the negative was taken by Andrew Menoely and J. Edwin Knott. The boys handled this difficult subject very well indeed and though the judge, Mr. Ellis decided in favor of the negative, both sides of the question were very well presented. After a few remarks by the critic, Mr. Johnston, the meeting closed with the singing of the nation anthem.

WHITE WHALE LAKE.

The fish harvest is very plentiful this season, several car loads having already been taken to Edmonton. The prices on the lake is also better than ever before. Six and one-half cents each is the price paid, six cents being the highest point ever reached previously. Some of the fishermen are killing two hundred and up per day, making very satisfactory wages.

The settlers here are quite pleased over the certainty of having a saw-mill this season. The White mill has finally decided to come to this vicinity after sawing but a setting at Mewasint.

We are told that the school district matter is again in a tangle and that after having practically settled on having one district for the whole settlement.

Rush Bros. are this week shipping their fourth car load of fish.

The elections for road councillors were held on the 16th inst. resulting in the election of O. H. Dunn in 53-4, and P. J. Francoeur in 53-3. White Whale Lake, Jan. 15, 1905.
